SUPERINTENDENT'S CORNER

First off, I'd like to thank the membership for the warm reception these first couple of months as the Superintendent for The Club at Colony Creek. My family and I have felt very welcomed into the community and are excited about our future here! The Golf Course Maintenance department has been very busy since I started. Two aerifications and two sod shipments is a lot to handle through an entire growing season, let alone 2 months! My crew has been willing to put in the work and feel much pride in the progress we have made. The sod has taken extremely well in the greens and I believe before too long we may not be able to see where it had been laid down. I understand these aerifications can be an annoyance to play in the short term, but it will be a huge help in the long term to improve our greens quality and health. We are just getting started and I am very excited to continue to improve the golf course and provide a better golf experience for the membership.

Garrett Dishman
Golf Course Superintendent
