- 9/28** MGA Homecoming

SUPERINTENDENT'S CORNER

September is one of my favorite months of the year. It typically brings a favorable change in the temperatures, higher rain chances, and of course football! The past month has brought us from one extreme to the next. We started off with more rain than we knew what to do with in the middle of summer, but since then have been working through constant triple digit heat indexes with not a drop of rain in sight. The end of August has bought us a slight reprieve in temperatures and we will hopefully have rain to follow it. We have some very exciting events coming up in September, highlighted by our 2024 Member-Guest in a few weeks! This is a great chance to show off the progress we have made in improving the quality, playability, and aesthetics of this great club! We have made some good progress on addressing our leaks/drainage issues throughout the course and will continue to do so throughout September. On a more personal note, I was recently nominated to become a member of the board for our area's chapter of Golf Course Superintendents. I feel extremely honored to be nominated for this position, it will be a wonderful chance for me to grow professionally and network with superintendents with expertise in our area.

Garrett Dishman
Golf Course Superintendent
