SUPERINTENDENT'S CORNER

There was a lot of excitement on the course throughout September with all the events we have hosted at The Club at Colony Creek! That is not going to slow down as we enter October and start off with a bang with the Formosa United Way Tournament on the first weekend. We have tournaments scheduled every week throughout the month that will keep our teams' hands full! Golf Course Maintenance is excited for the challenge to host these groups in our community! October is an important month when it comes to our cultural practices on the golf course. The work we will be doing this Fall sets us up for success next season. As the climate begins to cool, we will reach the soil temperatures that Poa and other winter annual weeds begin to grow. Applying our pre-emergent herbicides at the appropriate time will improve our efficacy in preventing this cool-season nuisance. I have been getting feedback from some fellow superintendents, our chemical distributors, and education from our Superintendents Association to put together an effective pre-emergence plan. The plan I have been putting together will hopefully go a long way in improving our turfgrass quality and playability by minimizing the nuisances that have been plaguing our course. October is going to be a very busy, but thrilling month for The Club at Colony Creek!

Garrett Dishman
Golf Course Superintendent
