SUPERINTENDENT'S CORNER

2024 has flown by here at The Club at Colony Creek! It feels like a lifetime has passed since I took over as Superintendent in April. We hit the ground running with aerification, a big construction project to get power back to our irrigation system, and a huge sod project for our greens. We were constantly repairing and improving our irrigation system throughout the year. This included mainline leaks, valve leaks, head leaks, heads not running, and electrical component issues in our controllers. Fixing and improving our golf course infrastructure was a huge focus in my first year and is incredibly important to continue our success in providing the best course conditions possible.

We have been through some hardships this year, between fighting through a drought and high temps late into the year, all the way to a fire destroying several pieces of our most important equipment. We have persevered and will continue to do so into the next year. We greatly appreciate the kind words and support the members have given us this year. This year has been an incredible learning opportunity for myself and my team. We are excited to put what we have learned to work in 2025 and accomplish some great things next year!

Garrett Dishman
Golf Course Superintendent
