- 9/26 Crossroads Builders Tournament– Limited Morning Tee Times and Tee Times Available After Play
- 9/28 Nothing But Net

SUPERINTENDENT'S CORNER

We have survived another scorching August as the calendar turns to September. Our team faced numerous challenges the previous month. Ranging from a main irrigation line blowing out on #1 to several pieces of our equipment needing some serious repairs, our crew took those problems head on to keep us on track. Now that August is behind us, there is plenty to look forward to as we start to get into the Fall season. The sun is setting earlier, the high temps are working their way down, our golf tournament season is hitting its stride, the kids have settled back into school, and of course football is back! We have plenty of work to do as we get more favorable golfing conditions and we see more golfers and events out on the course. The greens have been in great shape since our big aerification. Our biggest battle has of course been the goose grass. As soon as the sprayer was back up and running, I sprayed some herbicide on the greens to help fight the goose with really good results. It takes a few applications to really knock it back, which I finished up at the end of August, hopefully soon enough we will be out of the ideal growing conditions for the goose grass. I have also been attacking several of the weeds that have infested our greens' surrounds. I'm excited about the decline I have seen in these early applications. As we get into cooler and longer night time temperatures, these herbicides will have a stronger effect on these weeds. The 2025 Member-Guest Tournament will be here before we know it! We hope to have a full field to show your guests the great hospitality and fun that can be had at The Club at Colony Creek!

Garrett Dishman

Golf Course Superintendent
