- 10/28 Texas Farm & Ranch Tournament - Limited Morning Tee Times

SUPERINTENDENT'S CORNER

It has been a busy start to the Fall season with plenty of tournaments and events keeping the course full of golfers! We appreciate all the kind comments we received after the Member-Guest Tournament on the course conditions. We are already excited for what our team can deliver at next year's Member-Guest! The course wasn't just busy with play, our team was also very busy taking on some serious projects. We were able to fix some heavy duty leaks on the course that have been plaguing the course since before I became the Superintendent. We also owe a big thank you to the Victoria County Drainage District. They are responsible for maintaining the drainage ditches that run throughout the entire county, that includes the ditches that run through most of the golf course. They did some great work clearing out the ditches on our property, which cleared out sight lines on several holes, improved our aesthetics, and of course improving water flow as it drains through the course. You may have noticed a new sand pile around the clubhouse, we are adding some much needed sand to our greenside bunkers. This sand is made up of larger granules than our topdressing sand and what most of current bunker sand consists of. This will increase air porosity in the sand which will help our bunkers dry out quicker, and I believe it will help with making golf shots onto the greens from these bunkers. October will also be very busy with several large tournaments that we will be hosting. It is also a very important month as we will be working on putting our pre-emergent applications out on the golf course. Now is the time to start applying herbicides to our greens to get ahead of the poa that sprouts up during the winter time. I will begin the apps slightly earlier this year, as well as splitting up some of the products so that the effects will last longer. It is hard to believe we are already three quarters of the way through 2025. 2026 will be here before we know it, and our preparation for next year begins now!

Garrett Dishman
Golf Course Superintendent
